

# WIN A FREE “Warbird” Plane Ride

*Eight year-old John Valentine is our special Air Compassion for Veterans (ACV) representative. John is so passionate about the free air transportation ACV provides wounded warriors and their adversely affected family member's that he has personally raised over \$6,000 for ACV in honor and memory of his father, Navy Seal Tom Valentine.*

## **John is now taking on a new 2009 fundraising project.**

- John is asking other children and the general public to help him sell special “ACV Donation tickets” to win a **free 30 minute FAA-approved ride in a vintage “Warbird” North American T-6 Texan airplane** on Saturday, April 25th. Each ticket will require a donation of \$5.
- The tickets will be sold from January through March.
- There will be a prize for the person that sells the most tickets per month, 3 prizes in all. Then the grand prize for the person that sells the most tickets for the 3 month period will be a ride in an Angel Flight plane.
- Everyone who donated and has a ticket for the chance to fly in the “Warbird” plane is invited to the Hampton Roads Executive Airport (5172 w. Military Hwy. in Chesapeake, VA) on April 25<sup>th</sup>, from 11:00 am – noon for the drawing and flight. There will be a complementary light lunch served before the drawing.
- *The winner of the drawing will then experience flying like the aces of World War II with Mike Spalding in his “Warbird” T-6 North American vintage airplane*

*while everyone else is able to watch and enjoy. Mike is appropriately licensed, insured and FAA approved.*

- *The winner of the most sold tickets over the three months will get their Angel Flight ride at that same time.*
- *Tickets will be available at the ACV office at: 4620 Haygood Road in Virginia Beach or by calling 757 271-2289.*
- *Each person wanting to distribute these tickets, will be given 40 tickets at a time, an official ACV badge, contribution and ticket stub container and flyer. When they return to our office with their 40 ticket stubs and donations, they may pick up an additional 40 tickets for distribution.*

*Thank you for helping John help Air Compassion for Veterans with this project. The funds raised will provide needed air transportation for medical or counseling treatment and rehabilitation. It will also help with anything else relating to the total healing and wellbeing of our courageous wounded warriors and their families who have sacrificed so much for us.*

***For further information call:  
(757) 271-2289***

*ACV thanks Michael Spalding for so generously donating and piloting his vintage North American T-6 Texan for this exciting event and opportunity.*

*Mike has also flown his T-6 in the "Warbird" Air Demonstrations during the past two ACV Halos and Heroes Celebrations at the Pungo "Warbird" Airport and Museum. His dedication and donation of his time, gas and plane have helped ACV provide the needed air transportation for our wounded warriors and their adversely affected family members.*

*For additional information contact Mike at (757) 647-8127 at his business, Planeview Aviation Services, Inc.*
